

13. Paste the code, that you copied from youtube.

Add your favorite media clips and applications to your wiki in three easy steps:

1. Go to your favorite video clip, podcast, or embedded application. Anything from **Google Calendar** to **Twitter** to **YouTube**!
2. Find the HTML code to paste into your site. This will be found in a text box labeled "Embed", "Embed HTML", "Add to My Site/Blog", "Link to this page", or similar.
3. Paste in the HTML below and click "Preview" to see how it will look. When you save your changes by clicking the "Save" button, your media clip or application will appear in your Wikispaces page.
